Ex. 5 - Deliberative

Regardless, I used the 630 meeting this morning to remind EPA folks about keeping a close hold on information. Thanks, den.

Den/Jerry,

Although I didn't want to spend time addressing this in the Cabot response document from yesterday, I agree with Ann to the point that maybe somebody (Den) should remind folks about their discussions with others..... I think there some concern that details

of course your call.

The Cabot letter references the **Ex. 6 - Personal Privacy** well issue. We revised the location issue and confusion PRIOR to finalizing the memo AND prior to any water delivery.....this was during the RRT.

How did the incorrect and not finalized table get to Cabot?
